

Oakland Fu

Global Marketing Manager, DuPont Tedlar® Photovoltaics

Oakland is Global Marketing Manager of DuPont Tedlar® Photovoltaics business. Over the years, he makes relentless efforts to promote PV business opportunities and managing new concepts for Tedlar® products. He has conducted extensive research on failure mechanisms of solar panels, especially related to the durability of backsheets, and initiated field studies of large-scale solar farms in China to evaluate long-term materials performance.

Experience and Expertise

Being recognized as an expert in solar backsheet materials, solar panel reliability and durability, Oakland has published multiple technical articles and patents. He joined DuPont in 2006 and has held a variety of roles in R&D, Technical and Marketing.

Education

He graduated from the Chinese Academy of Sciences with Ph. D. in Materials Science and is based in Shanghai.
